*Consulting Engineers,  
Architects & Planners*

G. Douglas Vallee Limited (Vallee) is an architecture and engineering firm based in Simcoe (Norfolk County), Ontario. The firm, comprised of architecture, structural engineering, civil engineering, and land-use planning disciplines, is a third-generation family business that has enjoyed stability and growth for 60 years with a staff complement of over 30 people. Our unique, integrated collaboration with our in-house project team of Architects, Engineers and Planners within a small firm sets us apart from big national and international consultants, providing a complete solution for clients under one roof. We are currently recruiting for a:

## CIVIL ENGINEERING TECHNOLOGIST

As a Civil Technologist with Vallee, your duties will include performing detailed engineering design and field duties under the direction of the Engineering Manager on a variety of projects, including site plans, subdivisions and municipal infrastructure. Your role will include, but not be limited to, sewer, watermain, stormwater management and road design. Field visits, including surveying and construction inspection, will be required.

### Experience & Skills

- Education in Civil Engineering Science, Technology (Civil) or equivalent experience
- Must be eligible for registration as a C.E.T.
- Proficient in AutoCAD Civil 3D
- Experience designing and drafting grading and servicing plans, plan and profile drawings, stormwater management plans, section and detail drawings, and base plans
- Experience in and an understanding of the general Site Plan and Subdivision development process as well as municipal client-based projects
- Experience with field work, including detailed topographic site surveys and field inspection during construction
- Able to work independently and in a multi-disciplinary environment
- Strong oral, written communication skills
- A valid Ontario driver's license with access to a vehicle

### Compensation

- \$65,000 to \$100,000, commensurate with experience
- Flexible working hours with hybrid in-office/remote working available
- Group RRSP
- Dental and health benefits included

Interested candidates are encouraged to forward their cover letter and CV to [gregsmith@gdvallee.ca](mailto:gregsmith@gdvallee.ca). All applicants are thanked for their interest but only those to be interviewed will be contacted.
